Spencer is everything we could have asked for from his parents. He has a beautiful face, feet, front, rear, and tail set. Plus he is short backed, up on leg, has a nice long neck, and has fabulous hair. This blue boy is also a very happy and mischievous boy with just enough naughty to keep you on your toes. He is just getting better and better with age! We would like to thank Leslie Newing of Random Wind Poodles for granting us the chance for this special breeding. Spencer zoomed through his American CH by 9 months of age.

Spencer is out of CH. Random Wind In Your Dreams X CH. Amity Dior Pure Poison
